SCHOOL ETHOS AND VALUES

Our Christian values are at the heart of the ethos of the school and through these we grow individually and as a community. The Story of the Good Samaritan underpins our 5 core values of:

- Act Wisely
- Build Community
- Embrace Opportunities
- Help others
- Show kindness

These core values underpin our policies, procedures and the way we treat one another in our community. Through the implementation of this policy, we aim to embed good practice and consistency in the quality of teaching across the school. Through these practices, we aim to continually improve our standards, help every pupil reach their own unique, God given potential and enhance the professional development of our staff. As a school community we are working together to be exceptional in all that we do so that we may all live life and have it to the full". (John 10:10)

Introduction

If you would like this report as an audio recording you can download a reader for free at <http://www.naturalreaders.com/> or simply open the link and click + documents then drag the file into the box. A glossary of terms and SEND acronyms is also included at the end of this report.

For a link to the local authorities' local offer, please click this link: [SEND Local Offer – Dorset Council](#)

SENDIASS provides free, impartial, and confidential information, advice and support for children and young people (up to the age of 25) with special educational needs and disabilities (SEND), and their parents/carers. [Dorset SENDIASS | SENDIASS](#)

You can find the most up to date SEND Code of Practice via:
https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/398815/SEND_Code_of_Practice_January_2015.pdf

Our SEND policy can be found on the academy website: [All Saints Church of England Academy – Policies & Statutory Information](#)

All Saints C of E Academy is a mainstream setting and member of Authentic Education. We are a fully comprehensive, non-selective academy. We believe that all learners should be valued as individuals. We have an inclusive ethos underpinned by our trust values of 'Respect, Resilience and Ambition'. We offer a broad and balanced academic curriculum. Teaching is adapted to incorporate individual needs and we have in place systems to enable the early identification of barriers to learning and participation. We work hard to ensure equal opportunities for all.

Special educational provision is provision that is 'additional to and different from' that is made generally for others of the same age. This means provision that goes beyond the differentiated approaches and learning arrangements normally provided as part of high quality, personalised teaching. It may take the form of additional support from within a setting or require involvement of specialist staff or support services. All teachers are teachers of learners with SEND and as such provide quality first teaching which takes account of the individual needs of learners with SEND in their class.

The four main areas of SEND

The Special Educational Needs and Disability code of practice: 0 to 25 years states that there are four main areas included in Special Educational Needs and Disability.

Communication
and interaction

Cognition and
learning

Social, mental &
emotional Health

Sensory and / or
physical

The boxes beneath highlight some potential areas of challenge and or difficulty. It is worth remembering that these can also be strengths and should be encouraged wherever possible.

Area of Special Educational Need	Relating to difficulties with:
Communication & interaction	Children and young people with speech, language and communication needs (SLCN), other needs such as social, emotional mental health (SEMH), autism spectrum disorder (ASD) may have difficulty in communicating with others. This may be because they have difficulty saying what they want to, understanding what is being said to them or understanding use of social rules of communication. Learners may have: Attention/interaction skills: • May have difficulties ignoring distractions. • Need reminders to keep attention. • May need regular prompts to stay on task. • May need individualised motivation to complete tasks. • Difficulty attending the whole class. • Interaction will not always be appropriate. • May have peer relationship difficulties. • May not be able to initiate or maintain a conversation. Understanding/receptive language: • May need visual support to understand or process spoken language. • May need augmented communication systems • May have frequent misunderstandings. • Repetition of language and some basic language needs to be used to aid their understanding. Speech/expressive language: • May use simplified language and limited vocabulary. • Ideas/conversations may be difficult to follow, with the need to request frequent clarification. • Some immaturities in the speech sound system.

	Grammar/phonological awareness is still poor and therefore their literacy can be affected.
Cognition & learning	Support for learning difficulties may be required when children and young people learn at a slower pace than their peers, even with appropriate scaffolding. This could include areas of need such as Specific learning difficulties (SpLD) e.g. dyslexia, Moderate learning difficulties (MLD), Severe learning difficulties (SLD) or profound and multiple learning difficulties (PMLD). Learners may have difficulties with: - Language, memory and reasoning skills - Sequencing and organisational skills - An understanding of numbers - Problem-solving and concept development skills - Fine and gross motor skills - Independent learning skills - Exercising choice - Decision making - Information processing
Social, mental and emotional health	Children and young people may experience a wide range of social and emotional difficulties which manifest themselves in many ways. These may include becoming withdrawn or isolated, as well as displaying challenging, disruptive or disturbing behaviour. These difficulties may lead to or stem from: - Social isolation - Behaviour difficulties (ODD/EBD/PDA) - Attention difficulties (ADHD/ADD) - Anxiety and depression - Attachment disorders - Low self esteem - Issues with self-image - Emotional based school avoidance (EBSA)

Sensory and/or physical	These learners may have a medical or genetic condition that could lead to difficulties with: • Specific medical conditions • Gross/fine motor skills • Visual/hearing impairment • Accessing the curriculum without adaptation • Physically accessing the building(s) or equipment. • Over sensitivity to noise/smell/light/touch/taste/toileting/self-care
--------------------------------	--

Waves of intervention

The academy provides a range of "ordinarily available provision" to meet the needs of all of our learners. This is a graduated response to each learner dependent on the level of need. These are often referred to as waves of intervention.

Key Questions

Who is the Special Educational Needs Coordinator?	The SEND Coordinator is Tim Gillett Contact details: Phone: 01305 830670 Email: timothy.gillett@asa.weareauthentic.education Mr Gillett has 5 years of experience in this role and has worked in a range of specialist schools and colleges previously for some 36 Years. He is supported by SEND Manager Miss Bushaway who is currently training as an Exams Access Assessor and National Award for SEND Co-ordination
How accessible is the academy site?	The Academy is fully accessible to all individuals through the provision of: • Lifts • Adjustable working areas available where needed • Disabled toilets All Saints Academy prides itself on being an inclusive setting where pupils feel safe, develop and thrive. We want to work in partnership with parents and professionals about how we can meet the needs of children with disabilities and medical needs. Please see our accessibility plan.
How will academy staff support my child?	All teachers will be informed of your child's individual needs and will seek to adapt their lessons accordingly. This will be in the form of a Pupil Passport which is shared with staff through our Class Charts platform. Within the academy, there are a variety of staff roles to support your child: Class Teachers Tutors Heads of House House Managers Medical Staff Wellbeing Team

	As an academically focused academy, the overwhelming majority of our learners follow a traditional curriculum. However, a small number of learners could have a more personalised curriculum to meet their individual needs, interests and abilities. Personalised curriculums will be through discussion with academy Principals, SENDCo's and where appropriate, local authority caseworkers if an EHCP is present or in the process of being awarded. Where the academy considers it necessary, a learner may be offered additional intervention, in which case you will be informed via letter that provision is being implemented. There are a range of interventions and additional subject support which are ordinarily available and should your child need this, it would be discussed with you directly. This will form part of the Assess-Plan-Do-Review process (diagram included at the end of this report). Wave 1 interventions: Adaptive teaching (within the classroom) Scaffolded tasks Guidance to staff on how best to support within the classroom through pupil passports. Wave 2 interventions: Reading Interventions Sparx Support Reading Intervention Lego Social Communication Social Communication for Autism Peer Mentoring Meet and Greet ELSA SEND Hub Nurture Wave 3 interventions: 1:1 Literacy Support (provided by the link specialist teacher, but delivered in school) Joint Action Plan with specialist teachers and/or educational psychologists 1:1 Speech and Language Support (provided by our link SALT but delivered in school)
--	--

How will the academy identify if my child has a specific need?	Following completion of baseline assessments on entry to the academy, the results will be analysed by the SENDCo as the 'Assess' element of the graduated approach. From these assessments, it will be identified if they require specific support or provision. All our teachers are aware of SEND and are monitoring pupils who aren't making the expected level of progress in their schoolwork or socially. If the teacher notices that a pupil is falling behind, they try to address gaps in their learning. Pupils who don't have SEND usually make progress quickly once the gap in their learning has been filled. If the pupil is still struggling to make the expected progress, the teacher will make a referral to the SEND team. If a need is raised the SENDCO and will contact you to discuss the possibility that your child has SEND. The SENDCO might observe the pupil in the classroom and in social time to see what their strengths and difficulties are. They might have discussions with your child's teacher/s, to see if there have been any issues with, or changes in, their progress, attainment or behaviour. The SENDCO will ask for your opinion and speak to your child to get their input as well. They may also, where appropriate, ask for the opinion of external experts such as a speech and language therapist, an educational psychologist, or a paediatrician. Based on all of this information, the SENDCo will decide whether your child needs SEND support. You will be told the outcome of the decision in writing. If your child does need SEND support, their name will be added to the school's SEND register, and the SENDCo will work with you to create a SEND support plan for them, which we call a pupil passport
How are academy resources allocated and matched to children's special educational needs?	We ensure that all learners with Special Educational Needs have their needs met to the best of the academy's ability with the funds available.
How will I know how my child is doing and how will you help me to support my child's learning?	Secondary academies: All Parents will receive a report from subject staff Parents' evenings are held at specific points in the year and in addition to these the SENDCo is available for parents to request a meeting. This will be either virtually or in person depending on availability.

	Learners with an Education and Health Care Plan (EHCP) will have regular meetings (as required) with the SENDCo together with an Annual Review in line with the Code of Practice 2015 (updated). We consider that the parents/carers' views are a vital part of the review and therefore request parental/carers attendance at the meetings and the completion of parental paperwork prior to the meeting.
How will my child be able to contribute their views?	If your child has an EHCP, their views will be sought before review meetings. Those with an EHCP can highlight key information that they wish staff to be aware of, including how to best support them within the classroom. This will be added to their passport and be available for all staff to view and implement. We value and celebrate children being able to express their views on all aspects of school life. Learners are encouraged to share issues with: • Class teacher • Tutor • Head of House • SENDCo Tim Gillett • SEND Manager Kim Bushaway Learners are encouraged to: • Attend extra-curricular clubs • Take an active role within group activities • Take part in pupil voice activities • Attend review meetings • Contribute to target setting and reviewing
What support will there be for my child's overall wellbeing?	All staff at All Saints C of E Academy receive training to deliver high quality pastoral care. The academy adopts a whole school approach to ensuring that all learners make excellent academic progress and their individual needs are catered for. The Academies Pastoral Support Team specialises in the area of child welfare and is the first port of call for staff, learners and their parents who require advice, support and guidance regarding wellbeing.

	Attendance is rigorously monitored, and support put in place where needed. If attendance falls, you will be contacted by the academies' attendance officer and, where necessary, additional support will be implemented to boost attendance. We also offer the following Wellbeing Interventions: ELSA Peer Mentors Meet and Greet Hub support Nurture Alternative Provisions on and off site The academy is mindful of the need to safeguard the wellbeing of all learners and management of first aid arrangements will be undertaken in such a way as to ensure there is adequate training of staff, provision of first aid equipment and recording of first aid treatment. The academy also writes individual health care plans (IHCPs) with parents/carers and shares all relevant information with staff. Mr Gillett and Mr Harrop support parents and children to produce these health care plans. If your child finds lunch or break times tricky, they may be given access to a quiet space to support this in our Hub provision. The Academy has designated staff available to support the mental health and well being of students that require this support
What specialist services and expertise are available or accessible by the academy?	We have access to the following specialist services and expertise: • School nurse • Counselling • Mentoring • ELSA • Young Carers - accessed externally • Medical – GP, Hospital • NHS outreach • Bereavement Counselling • Educational Psychologist • Mental Health – CAMHS / COBS etc

	• Social Services • TADSS Outreach • Speech and Language Therapy Where a learner has an EHCP, the academy maintains close liaison with professionals that are involved from the local authority such as specialist teachers, speech and language therapists and occupational therapists.
What training have staff supporting learners with SEND had or having?	All teaching staff have qualified teacher status or are working towards this through a recognised training provider. Training for staff supporting learners with SEND is considered essential by Authentic Education. There is an ongoing programme of training for teaching assistants within SEND that is completed at an academy level but also from a multi-academy trust (MAT) perspective. SEND forms part of the new staff induction programme for ECTs or teachers new to the academy. In addition, there is regular training in first aid, child protection and safeguarding, and any looked after children on roll. Where needed training is updated annually and responsive to learner needs. Advice and guidance from outside agencies are shared with teaching staff. At the start of the year all staff are made aware of the learners with identified SEND and how to find information relating to them to best support them in and out of the classroom. All staff have access to Pupil Passports through class charts detailing specific strategies and interventions which best allow them to support everyone within the classroom.
How will your child be included in activities in the classroom? How will needs be accommodated for external trips and visits?	All staff running trips are trained by the academy's Education Visit Coordinator (EVC) and must complete risk assessments including specific details of how to support learners with SEND. All learners are encouraged to be fully involved in all areas of academy life. Where appropriate, those with an Education and Health Care plan will be supported to ensure access and participation and appropriate reasonable adjustments made. All clubs and trips are open to learners in line with a suitable risk assessment being carried out. Individual arrangements will be discussed with parents in advance.

	Where a learner has a physical/medical need/s, any issues around trips and activities will be discussed in advance and addressed with parents. This includes overnight and residential visits.
How will the academy prepare and support my child to transition to and from the academy?	For learners transitioning to a new educational phase, we liaise with previous schools/settings and/or teachers and provide additional transitional support if it is needed. This is arranged on an individual basis and tailored to the needs of the learner/s. Meetings with the SENDCo are available at parents' request and encouraged for all learners attending with an EHCP. SEND specific transition days are organised prior to the main transition days and transition meetings with feeder schools take place to plan provision prior to attending the school. If a learner has an EHCP, then the academy would want to be present at the annual review meeting to support target setting and be introduced to all professionals supporting the learner and establish an early relationship.
Who can I contact for further information?	The following points of contact are available at All Saints C of E Academy For academic concerns contact the relevant Curriculum Area Lead or Head of House For pastoral concerns contact the relevant tutor or Head of House If your concern is in relation to your child's Education and Health Care Plan, please contact the SENDCo. If not, then in the first instance contact your child's tutor who may refer your concerns to a more senior member of staff where required. If your concern relates to your child's special educational need/s, please contact the SENDCo directly. Should you wish to make a formal complaint regarding an issue at the academy, please follow the complaints policy, which can be found on the academy website:

	https://weareauthentic.education/About-Us/Statutory-Information/ Should you require further support and guidance from an impartial advisor, SENDIASS BCP will be able to offer support, information and guidance for you as a parent. You will be able to find out more information at https://sendiass4bcp.org/.
How else can I be involved?	We need you to support us by encouraging your child to fully engage with their learning and any interventions offered by: • Helping them to be organised for their day (including bringing the right equipment and books) • Full attendance and good punctuality • Supporting reading at home • Completion of homework • Attending parent's meetings • Attending any meetings specifically arranged for your child • Ensure that any interventions to complete at home are encouraged and supported • Engage with individualised home communication methods where they are implemented
What support is there for improving behaviour, attendance and avoiding exclusion?	As an academy, we have a very positive approach to all types of behaviour with a clear reward and sanction system that is followed by all staff. If a child has behavioural difficulties a Behaviour Support Plan is written alongside the child to identify the specific issues, put relevant support in place and set targets. This document is the responsibility of Head of House and reviewed as agreed at the first meeting. The attendance of every learner is monitored daily. Lateness and absence are recorded and reported on. Good attendance is actively encouraged throughout the school. If a learner's attendance falls below 95% contact will be made by the school in the form of a letter / telephone call. In extreme circumstances the academy may use the support of Authentic Education's attendance lead.
How is the Trust's Governance involved and what are their responsibilities?	The Director of School Improvement (SEND) and Head of SEND & AP lead will complete termly assurance with every academy, which is reported on to Authentic Education's committee on a termly basis. The Director of School Improvement (SEND) will meet regularly with the SEND trustee to report on statutory duties. The SENDCo provides assurance reports to the Director of School Improvement (SEND) and Head of SEND & AP. They are kept informed about SEND developments and take an active

	interest in the work of the SEND departments across Authentic Education. The SEND trustee does not have access to information about individual learners or become involved in individual cases. In the unlikely event that a concern cannot be resolved by the SENDCo and/or the Principal then the Authentic Education SEND team can be contacted at the request of parents.

Additional information

Please find beneath a model of the Assess-Plan-Do-Review process that we follow in the SEND department.

Glossary of SEND acronyms & abbreviations

ADD	Attention deficit disorder	LAC	Looked after child
ADHD	Attention deficit hyperactivity disorder	LO	Local offer
ASD	Autistic spectrum disorder	MLD	Moderate learning difficulty
CAMHS	Child and adolescent mental health service	ODD	Oppositional defiant disorder
CIN	Child in need	OT	Occupational therapist
CoP	Code of practice	PDA	Pathological demand avoidance
CP	Child protection	PEP	Personal education plan (for looked after child)
CYP	Children and young people	PEEP	Personal emergency evacuation plan
EAL	English as additional language	PMLD	Profound and multiple learning difficulties
EHCP	Education health care plan	PP	Pupil premium
EP	Educational psychologist	SALT	Speech and language therapy
EYFS	Early years foundation stage	SDQ	Strengths and difficulties questionnaire
FAS	Foetal alcohol syndrome	SEND	Special educational needs and disabilities
FASD	Foetal alcohol spectrum disorders	SENDCo	Special educational needs and disabilities coordinator
GLD	Global learning delay	SLCN	Speech language and communication need
HI	Hearing impairment	SLD	Severe learning difficulty
HLTA	Higher level teaching assistant	SpLD	Specific learning difficulty
IEP	Individual learning plan	SPDs	Sensory processing disorders
IRP	Independent review panel	TA	Teaching assistant
ISP	Individual support plan	VI	Visual impairment
SENDIASS	Special Educational Needs Disability and Advice Service
